

EVALUARE

1. Relatați despre *apariția primelor universități în lume*.

2. Traduceți următoarele fraze în limba română:

1. The first educational institutions established in Europe were under the direct patronage of the Pope.
2. A considerable number of universities were established in European countries.
3. Modern universities are centers of knowledge and science, where not only are students taught, but scientific research is conducted and innovative discoveries are made to improve our lives.
4. The first universities in Europe were formed on the basis of monastic and other primary schools.
5. Every student's duty is to approach their studies conscientiously — attending classes, passing tests, and taking exams.
6. Students' rights and responsibilities are outlined in a code, compliance with which helps them avoid unpleasant situations during their studies and protects their rights.
